### Career Objective

Aspiring MERN Stack Developer with a strong foundation in web development and a passion for building dynamic, user-friendly applications. With nearly two years of hands-on experience in React and the broader MERN stack, I am eager to apply my skills in a real-world development team. Despite challenges in securing opportunities, I have remained dedicated to continuous learning, exploring new technologies, and refining my craft. I am highly motivated to contribute, grow, and gain production-level experience in a collaborative environment. Given the opportunity, I will bring enthusiasm, adaptability, and a strong work ethic to your team.
